Annual Report of the Board of Managers of the Montana Soldiers' Home.

To Hon. Joseph K. Toole,
Governor of Montana.

Sir:—In compliance with law the Board of Managers of Montana Soldiers' Home has the honor to submit the following report for the year ending November 30th, 1902.

The report of December 1st, 1901, the membership was 65, since which time 26 have been admitted, making a total of 90. Of this number 12 have died and 26 have been discharged, leaving a membership at this date of 52. Of these 36 are present and 16 absent on furlough. The membership for the past year has averaged 63, with an average present of 45, but in September 16 men were discharged by the commandant, under a misapprehension of the rules relating to furloughs, most of whom will probably be re-instated the present month; this with the 12 applications now on file will fill the home to its capacity. The average age (which is reduced by the presence of two Spanish-American soldiers) is sixty-two and one-half years, and with advancing years they have become more feeble, and none of them are able to do any laborious work, so the Board has been obliged to employ a civilian at \$30 per month, for the last eighteen months, to handle the team and do the farm work. During this time the drive-way has been graded and thoroughly graveled, a large root house, with a granary above has been built and all the farm work, except reaping and threshing the grain, has been done by the employees. During the last two years a new boiler has been placed in the pump house and an additional furnace in the main building, the roofs and outbuildings all painted, several rooms papered and fences re-built, and everything about the home is now in an excellent condition. The orchard of three hundred fruit trees is just beginning to bear. Only about 45 acres of the farm has been cultivated and has well repaid the expense. It is the intention of the board to break 25 acres more in the spring. There was produced this season 182 bushels of wheat, worth \$109.20; 346 bushels of oats worth \$110.70, and 30 tons of hay worth \$272. All the flour to supply the home from Dec. 1901, to Feb. 1903 was manufactured from the wheat raised last year on the farm.

The farm and garden this summer produced 22,176 pounds of potatoes, 16,000 pounds of rutabagas, 2,600 pounds of carrots, 1,170 head of cabbage now stored in the root house, besides a large amount of other vegetables, in addition to those used during the season. The home is supplied with an abundance of milk, eggs, chickens and turkeys, and has produced a part of the beef and pork used.

The resources and expenditures for the year ending November 30th, 1902, are as follows, to-wit:

Balance of appropriation for 1901.....	\$ 1.20
Appropriation for 1902	8608.00
Balance U. S. Aid and Pension fund	3947.65
Received during 1902	5203.36
Rent from Ft. Maginnis	100.00
Total	<u>\$17860.21</u>

Expended.

Current expenses (including expenses board, com- mandant and insurance)	\$ 2660.00
Subsistence	3709.00
Employees.....	1541.00
Clothing.....	1210.87
Hospital	1665.20
Furnishing	880.60
Construction	285.91
Farm	691.52
Repairs	589.76
Total	<u>\$13233.86</u>
Balance	<u>4626.35</u>

\$17860.21

Estimated November bills and furnishing	\$1426.35
Leaving balance	3000.00

During the summer the health of the inmates was so improved that the hospital was closed for nearly three months, thus materially reducing the expenses of that institution for the year, but as the cold damp weather set in it became necessary to re-open it, and during the next several months it is likely to be filled to its capacity. The surgeon is kind and attentive to the inmates and gives much time to their care, and in order to retain his services it was necessary to increase his salary ten dollars a month.

Capt. J. R. Hilman, who has been the faithful commandant

since the home was opened, resigned to take effect October 1st, and Capt. H. S. Howell was elected to succeed him and is a most capable officer, and while a strict disciplinarian, he is entirely satisfactory to the inmates.

Mr. J. E. Sprague, the second in command, has been in the position since the opening of the home and has always been a most valued assistant.

With this report we submit estimates of expenses and the funds required for the years ending November 30th, 1903 and 1904, which have been prepared with great care, with a view to asking for only the amount actually necessary, and hope they may meet the approval of your Excellency.

(Signed)

MARTIN MAGINNIS, President.
